Subject: Submission of Proposal for a Provisional License and Proof of Concept

Dear Mr. Garcia,

Thank you for the opportunity to meet with you and your team to discuss the Thrift Bank Digital Banking Program and the x-change operating platform.

Our discussion confirmed a shared preference to begin with a practical, disciplined, and measurable Proof of Concept before considering any broader deployment. We believe this provides an appropriate basis for technical, operational, and commercial evaluation.

Enclosed for your consideration are:

1. **Proposal for a Provisional License and Proof of Concept**;
2. **Thrift Bank Digital Banking Program Guide — AllBank Edition (Executive Edition)**; and
3. **Two Demonstration Pay Codes**.

The Proposal forms the commercial basis of the engagement. It sets out the proposed Proof of Concept, indicative delivery schedule, commercial framework, and possible progression from evaluation through pilot operations and, should both Parties so determine, production deployment. The accompanying Program Guide provides the institutional and architectural context supporting the Proposal.

For your convenience, we have also enclosed two Demonstration Pay Codes prepared specifically for this submission. They provide a simple introduction to one of the customer experiences enabled by the capability described in the accompanying documents.

The indicative production licensing schedule provides early visibility into a possible long-term relationship and a transparent basis for discussion. Definitive commercial terms will be finalized jointly following completion of the Proof of Concept, taking into account AllBank's operational requirements, deployment objectives, and preferred commercial model.

We appreciate the opportunity to present our work to AllBank and look forward to continuing the discussion with your designated representatives.

Thank you for your time and consideration.

Very truly yours,

GUIDO ALFREDO A. DELGADO
